NEED TO KNOW

SECTION 1: NEED TO KNOW

The American Academy School was founded in 2000 and is under the supervision and guidance of the Ministry of Education. It follows internationally enriched American curriculum, serving a multicultural student body. It's comprised of Kindergarten, Primary, Junior and High School.

School Vision

The American Academy School aims to be a center of academic excellence dedicated to producing leaders and global citizens of the future.

School Mission

To meet modern education standards and to enforce the highest moral values aiming at developing student's potential through different teaching methods that help them acquire self-confidence and individuality in a multi-cultural environment.

Our Values

Honesty; Respect; Gratitude; Compassion; Responsibility

At American Academy School, we endeavor to instill good values to every child. The true worth of a person is based on the virtues he/she possesses.

Honesty: Students should know that they should be truthful to themselves and others. Students display honesty by doing their homework, completing their projects and assignments in the stipulated time.

Respect: It is important that Students know to respect others irrespective of their religion, caste, creed, color, race, opinion and lifestyle. They should learn to treat others the way they want to be treated.

Gratitude: Students should know the good things that happen to them and not take anything for granted. Showing appreciation to others, being thankful to others goes a long way to be good human beings.

Compassion: American Academy School Students need to be compassionate to the needs of others. Students can display compassion by helping the new Student feel welcome, by respecting the opinions and ideas of others. Students can display compassion by helping a classmate understand the homework - not allowing the classmate to copy the work, but by explaining the work so he/she is better able to succeed on the test or quiz.

Responsibility: Every Student takes ownership for their behavior, asks for help when needed and helps others in need. Students take the responsibility to come to school on time, be organized and be prepared to learn.

It is very important that every American Academy School Student and Staff Member adheres and displays the American Academy School values on a regular basis. This will ensure a positive and a healthy climate in school.

All Students must have their own school diary. It is a mandatory for all the Students. School diary is one the most important means of communication with Parents. The date, the subject, the chapter/unit, lesson and page numbers must be written in the proper place. There is room for Teacher's remarks and notes to the Parents, and for Parent's notes and requests to the Teacher as well.

Assessments

Assessment is an effective tool to evaluate a Student's performance which in turn helps one to take decisions regarding their education. Our School uses a variety of formal and informal assessments.

The kind of assessments used in our School are listed below:

Academic Monitoring

The purpose of this ungraded weekly test in Math & English is to monitor every focal point, objective and drill delivered in classrooms, followed by a short session of problem solving to reteach and recap if needed. AM is monitored by HOD's and grading analysis is kept for records and Student's evaluation with the Exam Coordinator.

Quizzes

Research says that the more the Students are tested the more knowledge they retain. Hence, regular quizzes help in increasing Student's performance and boost their efficiency. Teachers are able to gauge the Students understanding of the concepts taught in class. The quizzes are over 10 marks and it is for a duration of 15minutes.

Assessments: Assessments are given during the semester to determine how well Students have retained information. These exams weigh more than a quiz and are done over one (1) class period.

Semester Exams: These are conducted twice a year. The semester exams are over 100 marks and are for two periods. **(The given date is subject to change and parents will be notified.)**

Homework promotes individual responsibility, independent practice; good work habits and serves as a means and source of parental involvement. Homework on weekends is to be expected.
